REMARKS: SUBJECT: Status Report on Survey of Publications Review Subcommittee

1. Preliminary study of the Publications Review Subcommittee of the J.I.C. reveals that the function it performs is a small part of an analogous but broader function which has been planned for the Survey Division of the Requirements Branch, Office of Collection and Dissemination. However, final action leading to the assumption of the function by the Survey Division of this Office has been held in abeyance due to lack of personnel.

2. The Requirements Branch will not be in a position to undertake the proposed function until the Survey Division reaches a strength of at least three officers. It is anticipated that this will not occur earlier than 15 November 1946. Until that date no further action will be taken in the matter by this Office.
